

IN THE DRAWINGS:

Corrected drawing sheets 1-15 marked "Replacement Sheet" are attached. In these drawings taken from the PCT published application, the PCT page numbering and PCT identifying information at the top of each drawing has been removed. No new matter is added.

REMARKS

During a telephone conference with the Examiner on April 15, the Examiner noted that the PCT published application drawings were sufficient to obviate his rejections. Therefore he agreed that we should submit these PCT publication drawings with the page number and PCT legends at the top removed and that would obviate the drawing objections for Figures 1-15. The Examiner indicated that Figures 16-19 were fine during the telephone interview.

Respectfully submitted,

 (Reg. No. 27,841)
